1. Please describe below the reason(s) why the nominee deserves this award (maximum 300 words)

NB – you should refer to the award criteria when completing this section and try to explain how the nominee has meet some/all of the different qualities described.

Prince Albert Primary School is located in an area of deprivation within Birmingham and has little access to cycling in the community or in the school environment.

The school has a vision to incorporate cycling into the school ethos more so with it being close to the space being used for the Commonwealth Games cycling events.

One of the Teacher's Lee lough is a former Bikeability Instructor, so he has a understanding on the pathways available from cycling and the benefits to health and wellbeing it can bring. Mr. Lough also understands how Bikeability can lead to added benefits for parents of the school by encouraging them to attend the Bikeability Parent session's planned around the school pick up time.

The school have initiated 'meet and greets' for our organisation to meet parents and discuss further opportunities for them and their families to get involved with further activities held within the school environment, this then leading to more activity sessions being scheduled at the school, such as a 5k run from the school gates, planning of regular parent cycling sessions so families can go on rides and activities partnering with the local community cycle clubs and joining in with holistic sessions from the on-sight community hub.

The school has a clear vision with regards to the benefits from Bikeability sessions and Bikeability plus and as a result we are now working with the additional schools within the Trust to replicate the same pathway with those families and students.
